

# FF Multi Branding Portal System

Unlimited photo business expansion

Detailed reports from partners

Online monitoring of photo business

FF Multi Branding system is one of the best ways to expand business in the domestic market and abroad.

FF Multi Branding system allows you to get a possibility to manage orders of different photo portals from one system.

Multi-branding module allows you to:

- expand your business without limits,
- have an unlimited number of partners,
- manage orders,
- monitor all e-business processes.

## Benefits

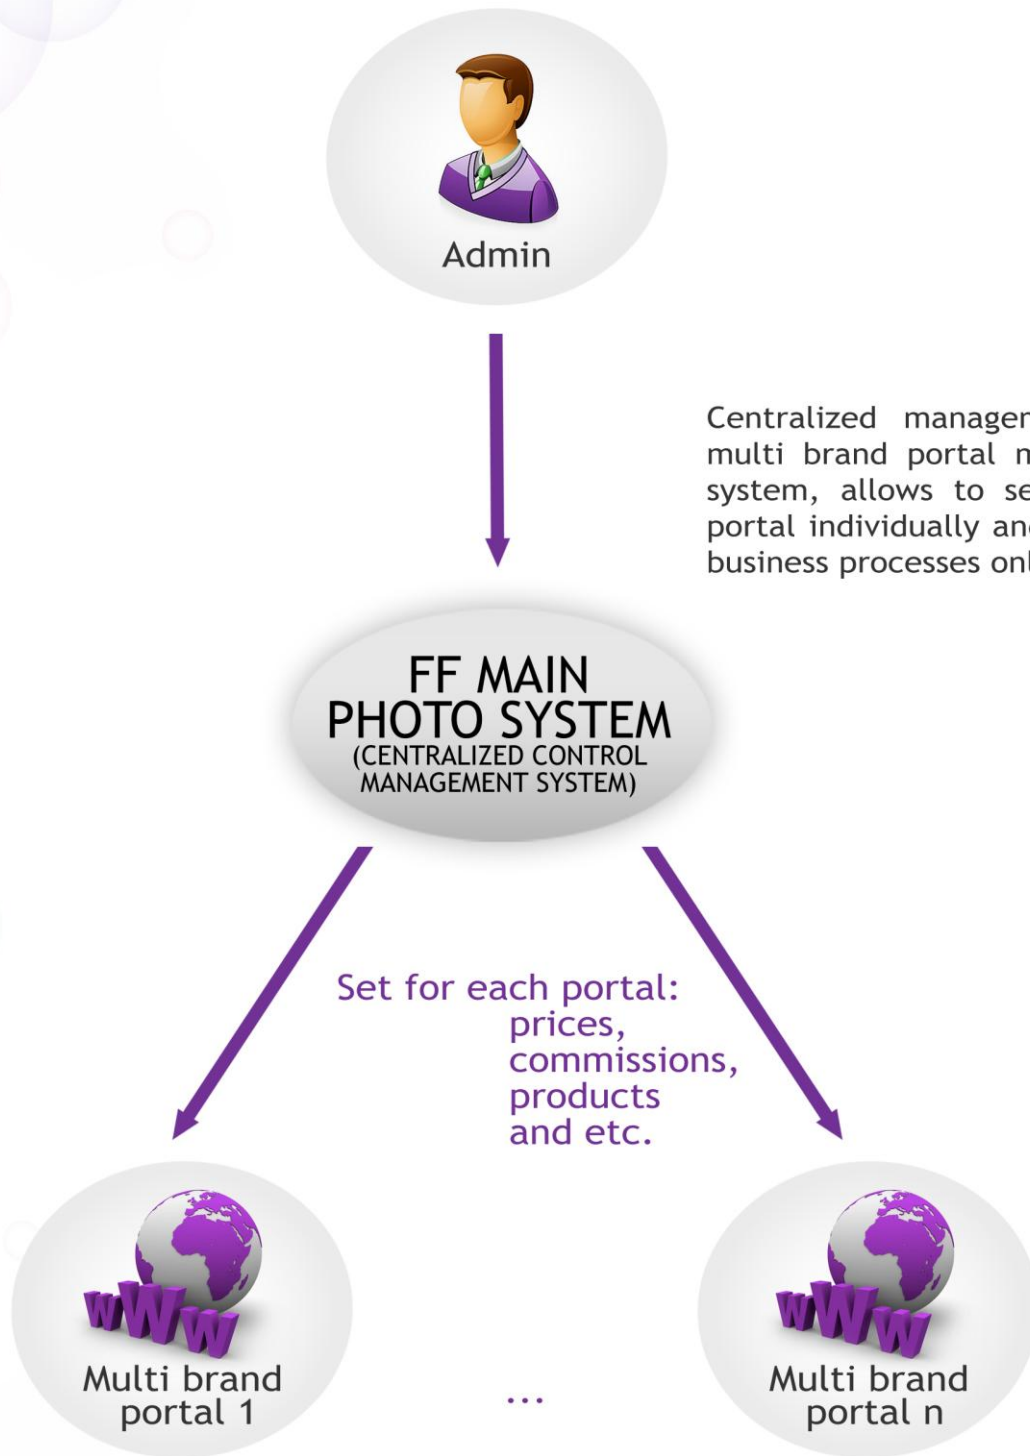

Custom branding.

Orders, items, pricing and users are administrated from one website.

Unlimited multi brand portals.

Custom pricing, separate user, custom emails, custom reports and etc. for each portal.

# How does it work?
