## Benefits

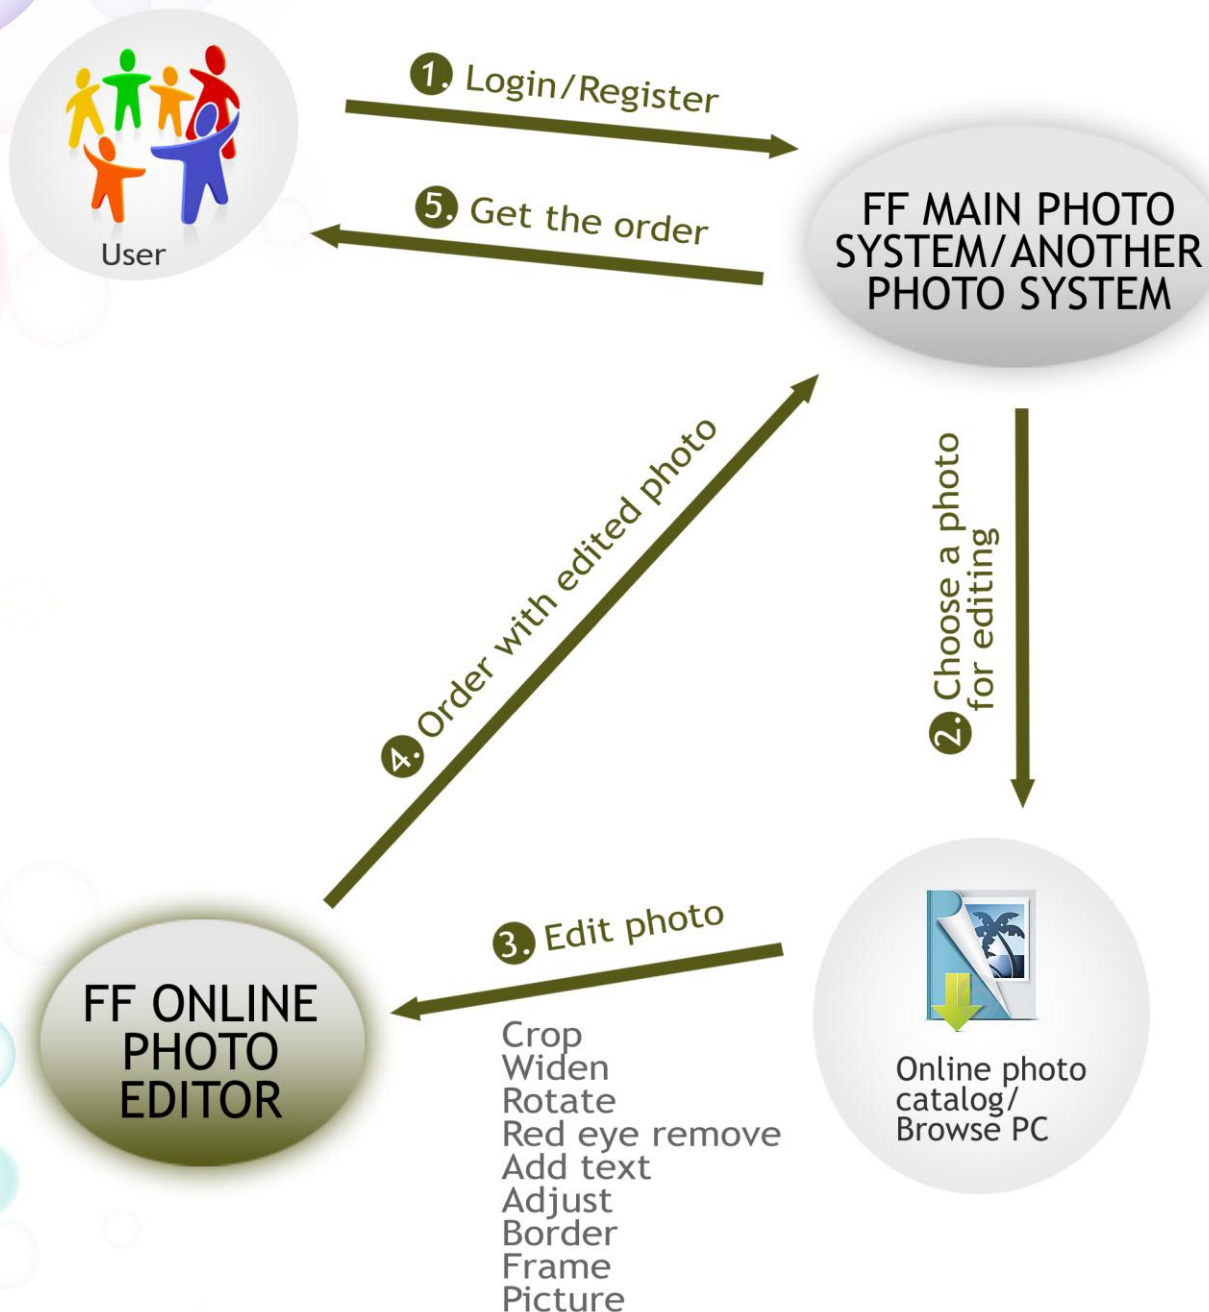

Fully customizable.

Total integration with other photo systems.

Simple to use.

There is no need to be an expert in photo correction.

**FF online photo editing extension can be embedded in any existing photo printing/sharing or social networking website.**

Your users may already use your website for uploading, storing, sharing or printing of photos. FF photo editing extension added to your website also allows your users to edit those photos. Thus FF photo editing extension can repeat visits to your website and make it more helpful and attractive.
